

RUEDA POLIURETANO EN FIERRO DE TRABAJO EXTRA PESADO

- 3/4" Thick ultra strong polyurethane elastomer tread chemically bonded to a solid heavy-duty cast iron core.
- Combination of thick tread and heavy core, offers higher weight capacities and provides greater durability than other mold on polyurethane tread wheels.
- Optional precision ball bearings and tapered roller bearings offer higher weight capacities and require less effort to start up and maintain a rolling load.
- Provides excellent floor protection and quiet rolling operation.
- Color: Green on black.
- Durometer: 50 Shore D (+/-5).
- Temperature range: -40° F to 180° F.

Wheel Diameter	Tread Width	Hub Length	Load Capacity	Part Number	Replace ** with desired bearing code.			
					Plain Bore	Roller Bearings	Precision BB	Tapered Bearings
