

RODAJA CARGA MEDIA LIGERA - SEGURO TOTAL-LOCK

This series offers a total-locking swivel caster with matching non-locking swivel & rigid caster options. All metal total-lock brake design provides a way to simultaneously lock both the swivel raceway and the wheel with the depression of a single pedal; making the unit stationary. This Durable Superior Casters® series has double ball raceways and comes with over 30 different wheel variations, colors and bearings, including a hollow kingpin option; opening up a vast array of modular stems to choose from.

- Total-lock brake simultaneously locks both the swivel & wheel making the rolling unit stationary and more stable than when using just wheel brakes.
- Directional lock option secures swivel raceway in trailing position at 180°, while leaving the wheel to roll freely; off-ers assistance in rolling equipment in a straight line.
- Double ball raceways offer improved swiveling action and durability.
- Standard Zinc plated finish is attractive and corrosion resistant.
- Large selection of wheels & options to choose from.
- Hollow kingpin option, expands stem offering.
- 3/8" Axle & nut.
- Good availability = quick deliveries.
- NSF Listed.

Brake Options for 19 Series
